Call button, 1 gang for door station
TX_44

Specification	Order No.	Packing unit	PS	EAN
Program-neutral	1262 00	1	18	4010337262008

Features

- Installation in a conventional flush-mounted device box.
- Fits in the cover frames of the Gira TX_44 switch range.
- Modular design, allowing easy installation and expandability.
- Signal transmission and supply of the audio and video components via reverse-polarity-protected and short-circuit-proof 2-wire bus.
- The door station can be expanded with an additional call button (up to 14 call button inserts, 1- or 3-gang can be connected to one door station).
- Call-button illumination with LED technology, light colour white. Even, clearly visible call button illumination is achieved via maintenance-free, energy-saving LED technology.
- Sprayed-water proof call-button cover plate made of shock-resistant plastic.
- Name plate can be replaced without tools and without removing the frame.
- Professional inscription by the Gira inscription servicewww.beschriftung.gira.deor the Gira inscription software.
