

**System 106 housing flush mounting  
2 x 2-gang**

Specification	Order No.	Packing unit	£/piece without VAT	PS	EAN
2 x 2-gang	5518 00	1	164.40	20	4010337107873

Independent of the construction progress, the housings can already be installed in the building shell.  
Housings available in metal alloy laquered in anthracite: all robust materials which ensure durability.

**Features**

- Vertical and horizontal mounting enables optimal adaptation to the installation point.
- Suitable for use in the facade module.
- The housings can be mounted as soon as the façade has been completed.

**Notes**

- System 106 flush-mounted housing, 1-gang only for use with door station module and System 106 Keyless In components.
- For use with System 106 installation box, flush mounting on a front plate already present in the building (letterbox, door-side installation or similar).

**Scope of supply**

- Flat ribbon cable, 10-pole and terminating resistors are included with delivery (exception: System 106 housing for flush mounting, 1-gang).

**Dimensions in mm**

Housing 1-gang:	106,5	106,5	23,35
Housing 2-gang:	106,5	213,0	25,35
Housing 3-gang:	106,5	319,5	25,35
Housing 4-gang:	106,5	426,0	25,35
2 x 2-gang:	213,0	213,0	25,35

Housing 5-gang:	106,5	532,5	25,35
